Prachi Mishra

Full Stack Web Developer

PROFESSIONAL SUMMARY

Proactive Full Stack Web Developer proficient in JavaScript and MERN stack. Skilled in designing efficient server-side APIs with Node.js and Express.js. Adept in frontend development using React.js and ensuring seamless integration with backend components. Strong problem-solving capabilities and a keen attention to detail. Excellent communication and collaboration skills for effective teamwork.

PROJECTS

1. Boat Lifestyle | |

JavaScript | React | Node.js | Express.js | MongoDB |

HTML5 | CSS3 | Responsive Web Design | Typescript

- Created a boat lifestyle website with features like user registration, login with OTP, product search, filtering, and adding to cart
- Implemented responsive web design using HTML5 and CSS3
- Utilized JavaScript, React, Node.js, Express.js, and MongoDB for development
- Implemented user authentication and authorization using email and OTP
- Implemented search functionality supporting three different parameters
- Implemented filtering of product list based on various parameters
- Implemented a cart system for adding products and proceeding to checkout

2. Airtable | |

JavaScript | React | HTML5 | CSS3 | Chakra UI

- Created a functional website for Airtable where users can sign in and sign up
- Implemented a 'Contact Sales' functionality
- Used JavaScript, React, HTML5, CSS3, and Chakra UI for development
- Developed features such as sign-in page, sign-up page, contact sales page, resources page, platform page, and solution page
- Worked on the project individually

3. ToggleHead | |

Responsive Web Design | CSS3 | HTML5 | React | JavaScript

- Built a cutting-edge website with captivating carousels and informative FAQs
- Implemented carousel functionality with navigation dots and autoplay feature
- Developed a smooth card slider that allows users to drag using mouse and touch gestures
- Incorporated counting animation in the statistics section
- Created a user-friendly FAQ section with collapsible answers
